# **SAFETY DATA SHEET**

# TIMBER MARK (WATER BASE)

Infosafe No.: LQ1L5 ISSUED Date : 13/12/2023 ISSUED by: Cattle Colour Pty Ltd

# Section 1 - Identification

Product Identifier TIMBER MARK (WATER BASE)

Company Name Cattle Colour Pty Ltd (ABN 910 7960 4825)

Address 614 Stanley Street Albury NSW 2640 AUSTRALIA

**Telephone/Fax Number** Tel: 02 6021 5307 Fax: 02 6041 2604

Emergency Phone Number 02 6021 5307

**Recommended use of the chemical and restrictions on use** Water based timber marking fluid

# Section 2 - Hazard(s) Identification

# GHS classification of the substance/mixture

Not classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) including Work, Health and Safety regulations, Australia.

Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)

# Section 3 - Composition and Information on Ingredients

Ingred	lients
--------	--------

Name	CAS	Proportion
Pigment dispersion	Proprietary	0-20 %
Ingredients determined not to be hazardous, including water		Balanc

# Section 4 - First Aid Measures

# Inhalation

If inhaled, remove affected person from contaminated area. Keep at rest until recovered. If symptoms develop and/or persist seek medical attention.

# Ingestion

Do not induce vomiting. Wash out mouth thoroughly with water. Seek medical attention.

Skin

Wash affected area thoroughly with soap and water. If symptoms develop seek medical attention.

# Eye

If in eyes, hold eyelids apart and flush the eyes continuously with running water. Remove contact lenses. Continue flushing for several minutes until all contaminants are washed out completely. If symptoms develop seek medical attention.

# **First Aid Facilities**

Eye wash and normal washroom facilities.

# Advice to Doctor

Treat symptomatically.

# **Other Information**

For advice in an emergency, contact a Poisons Information Centre (Phone Australia 131 126) or a doctor at once.

# **Section 5 - Firefighting Measures**

#### Suitable Extinguishing Media

Use appropriate fire extinguisher for surrounding environment.

# **Hazards from Combustion Products**

Under fire conditions this product may emit toxic and/or irritating fumes and gases.

# Specific hazards arising from the chemical

This product is non combustible.

#### **Decomposition Temperature**

Not available

# Precautions in connection with Fire

Fire fighters should wear Self-Contained Breathing Apparatus (SCBA) operated in positive pressure mode and full protective clothing to prevent exposure to vapours or fumes. Water spray may be used to cool down heat-exposed containers. Fight fire from safe location. This product should be prevented from entering drains and watercourses.

# **Section 6 - Accidental Release Measures**

#### **Emergency Procedures**

Wear appropriate personal protective equipment and clothing to prevent exposure. Increase ventilation. Evacuate all unprotected personnel. If possible contain the spill. Spillage may be slippery. As a water based product, if spilt on electrical equipment the product will cause short-circuits. Place inert absorbent material onto spillage. Collect the material and place into a suitable labelled container. Do not dilute material but contain. Dispose of waste according to the applicable local and national regulations. If contamination of sewers or waterways occurs inform the local water and waste management authorities in accordance with local regulations.

# Section 7 - Handling and Storage

#### **Precautions for Safe Handling**

Avoid inhalation of vapours and mists, and skin or eye contact. Use only in a well ventilated area. Keep containers sealed when not in use. Prevent the build up of mists or vapours in the work atmosphere. Maintain high standards of personal hygiene by washing hands prior to eating, drinking, smoking or using toilet facilities.

# Conditions for safe storage, including any incompatibilities

Store in a cool, dry, well-ventilated area, out of direct sunlight. Store in suitable, labelled containers. Protect from freezing. Keep containers tightly closed. Store away from incompatible materials. Ensure that storage conditions comply with applicable local and national regulations.

# **Section 8 - Exposure Controls and Personal Protection**

# **Occupational exposure limit values**

No exposure standards have been established for the mixture. However, over-exposure to some chemicals may result in enhancement of pre-existing adverse medical conditions and/or allergic reactions and should be kept to the least possible levels.

#### **Biological Monitoring**

No biological limits allocated

# **Control Banding**

Not available

# **Engineering Controls**

Use with good general ventilation. If mists or vapours are produced, local exhaust ventilation should be used.

# **Respiratory Protection**

Not required under for product under normal conditions of use. If engineering controls are not effective in controlling airborne exposure then an approved respirator with a replaceable mist/vapour filter should be used. Reference should be made to Australian Standards AS/NZS 1715, Selection, Use and Maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices, in order to make any necessary changes for individual circumstances.

# **Eye and Face Protection**

Safety glasses with side shields, full face shield or chemical goggles should be worn. Final choice of appropriate eye/face protection will vary according to individual circumstances. Eye protection should conform with Australian/New Zealand Standard AS/NZS 1337 (series) - Eye Protectors for Industrial Applications.

# Hand Protection

Wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1 : Occupational protective gloves - Selection, use and maintenance.

# **Thermal Hazards**

No further relevant information available.

# **Body Protection**

Suitable protective work wear, e.g. cotton overalls buttoned at neck and wrist is recommended. Chemical resistant apron is recommended where large quantities are handled.

Properties	Description	Properties	Description
Form	Liquid	Appearance	Liquid
Colour	Various colours	Odour	Slight
Melting Point	Not available	Boiling Point	100°C (approximate)
Decomposition Temperature	Not available	Solubility in Water	Completely soluble
Specific Gravity	1 (approximate)	рН	Not available
Vapour Pressure	Not available	Relative Vapour Density (Air=1)	Not available
Evaporation Rate	Not available	Odour Threshold	Not available
Viscosity	Not available	Partition Coefficient: n-octanol/water (log value)	Not available
Flash Point	Not available	Flammability	Not flammable
Auto-Ignition Temperature	Not available	Flammable Limits - Lower	Not available
Flammable Limits - Upper	Not available		

# **Section 9 - Physical and Chemical Properties**

# Section 10 - Stability and Reactivity

Reactivity Not available

# Chemical Stability

Stable under normal conditions of storage and handling.

# Possibility of hazardous reactions

Not available

# **Conditions to Avoid**

Extremes of temperature and direct sunlight.

**Incompatible Materials** 

Not available

# **Hazardous Decomposition Products**

Thermal decomposition may result in the release of toxic and/or irritating fumes.

# Section 11 - Toxicological Information

#### **Toxicology Information**

No toxicity data available for this material.

#### Ingestion

Ingestion of this product may irritate the gastric tract causing nausea and vomiting.

#### Inhalation

Not anticipated to be a likely source of exposure. Inhalation of product mists may cause irritation of the nose, throat and respiratory system.

#### Skin

May be irritating to skin. The symptoms may include redness, itching and swelling. Prolonged or repeated skin contact may cause defatting leading to dermatitis.

#### Eye

May be irritating to eyes. The symptoms may include redness, itching and tearing.

**Respiratory Sensitisation** Not expected to be a respiratory sensitiser.

**Skin Sensitisation** Not expected to be a skin sensitiser.

# Germ Cell Mutagenicity

Not considered to be a mutagenic hazard.

#### Carcinogenicity

Not considered to be a carcinogenic hazard.

#### **Reproductive Toxicity** Not considered to be toxic to reproduction.

#### **STOT - Single Exposure**

Not expected to cause toxicity to a specific target organ.

#### **STOT - Repeated Exposure** Not expected to cause toxicity to a specific target organ.

Aspiration Hazard Not expected to be an aspiration hazard.

# Section 12 - Ecological Information

**Ecotoxicity** No ecological data available for this material.

Persistence and degradability Not available

Mobility Completely soluble in water

**Bioaccumulative Potential** Not available

Other Adverse Effects Not available

# **Environmental Protection**

Prevent this material entering waterways, drains and sewers.

#### Hazardous to the Ozone Layer

This product is not expected to deplete the ozone layer

# Section 13 - Disposal Considerations

# **Disposal Considerations**

The disposal of the spilled or waste material must be done in accordance with applicable local and national regulations. To minimise personal exposure to the chemical, refer to Section 8 — Exposure controls and personal protection.

# Section 14 - Transport Information

# **Transport Information**

Road and Rail Transport:

Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG Code) (7th edition).

# Marine Transport (IMO/IMDG):

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

# Air Transport (ICAO/IATA):

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

#### ADG U.N. Number None Allocated

ADG Proper Shipping Name None Allocated

ADG Transport Hazard Class None Allocated

Special Precautions for User Not available

IMDG Marine pollutant No

Transport in Bulk Not available

# Section 15 - Regulatory Information

# **Regulatory Information**

Not classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) including Work, Health and Safety Regulations, Australia.

Not classified as a Scheduled Poison according to the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).

Poisons Schedule Not Scheduled

Montreal Protocol Not listed

Stockholm Convention Not listed

Rotterdam Convention Not listed

# International Convention for the Prevention of Pollution from Ships (MARPOL) Not available

Agricultural and Veterinary Chemicals Act 1994 Not available

Basel Convention Not available

# Section 16 - Any Other Relevant Information

#### **Date of Preparation**

SDS reviewed: December 2023 Supersedes: February 2018

Version Number

3.0
